

Officers' Seminar 20 to 23 May 2007

The first Officers' Seminar of 2007 was successfully held at the Rasa-Sentosa Resort, Singapore from the 20 - 23 of May. This edition saw over 60 speakers and participants from all over the world come together for three days of informative presentations and interactive team building exercises.

The seminar kicked off with a Welcome dinner on 20 evening where the participants were given a warm welcome by the shore staff.

The first day of the seminar contained several in-house presentations in order to give our staff an in-depth understanding of new developments and organizational policy. The organization's focus on safety was reflected in the 'Safety Incidents' exercise conducted by Fleet Quality Management which allowed the officers to discuss and share best practices for safety on board. The day ended off with the highly successful "Bowling Nite" which was thoroughly enjoyed by the participants and their families.

The speakers were actively questioned by the participants after their presentations and there was lively discussion on a range of topics. The seminar provided a platform for participants to be informed about key industry trends as well as other A.P. Moller businesses.

The second day of the seminar saw the participants and speakers unite during Team Building to tackle several tricky challenges. The exercises were designed to provide key learning experiences that participants could take forward and implement in the workplace. Most importantly, it gave participants an opportunity to engage in fun-filled activities and build a rapport with one another.

The event ended satisfying the expectations of the participants and speakers and this was reflected in the positive feedback received.
