

Namegiving & Delivery of Maersk Nectar

On 25 January 2008, A.P. Moller Singapore's new building Hull No. T3000-12 was named Maersk Nectar and delivered by Dalian Shipbuilding Industries Corp. in China.

It was an honour that Mrs. Kirsten Marie Poel w/o Mr. Philip Ray Poel – Senior Vice President - Wolverine World Wide, Inc., graciously adopted this new vessel.

Maersk Nectar is the fifth within the N-Class series of vessels delivered to A.P. Moller Singapore. She is fitted with Sulzer 7RT Flex 84T-D engine and renders 29,400 KW at 76 RPM Engine taking the vessel speeds up to 16.1 Knots at 85% MCR.

Maersk Nectar is registered in Singapore and commanded by Captain Chng Wei Kiat, with Mr. Myo Mynt Aung as Chief Engineer on her Maiden Voyage.
