

Delivery of Maersk Noble

On 27 September 2008, A.P. Moller Singapore's new building Maersk Noble (New Building Hull No T3000-16) built at Dalian Shipyard Industry Co. Ltd, China was delivered.

The 159,911 DWT vessel is the sixth in the series of N-Type vessels delivered to A.P. Moller Singapore. The vessel is fitted with a Sulzer 7 RT – Flex 84T - D engine delivering 29,400KW taking the vessel speed up to 16.4 Knots. Maersk Noble is about 320.0 meters long with a beam of 58.0 meters and a depth of 31.0 meters.

Maersk Noble is registered in Singapore and commanded by Captain Chng Wei Kiat, with Mr. Aung Myo Myint as Chief Engineer on her maiden voyage.
